Is pet microchipped? Yes / No Has pet bitten anyone in the last 10 days? Yes / No / Don't Know

Any known medical conditions? \_\_\_\_\_

IT IS THE OWNER'S RESPONSIBILITY TO COME IN DAILY TO SEARCH FOR THEIR PET. Only two people will be allowed to look for the lost animal at one time, and both persons must be at least 18 years of age.

HSBH receives 5 to 30 animals daily. If your pet is lost, we cannot guarantee that we will call you unless your pet is microchipped. Due to the high number of lost and found pets that we receive, and because we have no way to positively identify your pet if it is not microchipped, we recommend that you place ads in local newspapers and online forums (Facebook, Craig's List, etc.) to announce your lost or found pet. We wish you luck in finding your lost pet!
